

Dr. E. Wilson “Bill” Griffin III

I graduated from Duke University School of Medicine in 1978 and stayed at Duke through 1981 to complete the Family Medicine Residency program. I am Board Certified in Family Medicine, with added certification in Geriatrics. I’ve been at JFMC since 1981. I’ve also served as the Medical Director of Hugh Chatham Nursing Center since 2000.

My wife Linda and I were “high school sweethearts” and have been married since 1974. Our son Josh is a chef in Elkin; he and his wife Allison (Sloop) have one son, Jonathan Saul (and you’d better believe we’re doing our best to spoil him!). Our daughter Margaret lives in Raleigh and works at Wake Technical Community College Foundation while pursuing her Masters in Public Administration. Linda and I attend the Community of Christ in Kernersville, where I’m an Elder and have served as Pastor for ten out of the past thirty years. My other interests include: Music – Linda and I sing with Voce, the choral group in Mt. Airy; Outdoors – I’m an Eagle Scout and still a member of Troop 654, and every spring I complete a bird count for the US Geologic Survey; Poetry – my poems have appeared in many publications and I have four short collections in print (visit my blog, <http://GriffinPoetry.com>).

Recently a young woman brought her four beautiful daughters to see me, and I realized that I delivered her (back in the years when we delivered babies), and I’ve cared for both her parents and her grandmother. Four generations. I am honored to serve as the family doctor for so many people in our Yadkin Valley region, and I’m glad to be able to combine up to date medical knowledge with personal caring. I believe everyone needs a primary physician who really understands them, not only their medical conditions but also their background, values, and needs. Taking care of families is what makes my profession meaningful to me.
